THE WESTFIELD OUTDOORS

AWNING-SERIES

PERFORMANCE-SERIES

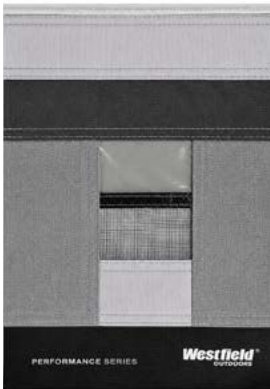

The **PERFORMANCE-SERIES** stands for state-of-the-art material technology, maximum functionality and exceptional durability. Innovative design features and high-quality materials make it the ideal choice for discerning campers and intensive use. The optimised air system with a central inflation point enables particularly quick, easy and convenient pitching. The robust air-frame construction ensures both high stability and reliable protection from the elements.

A key feature is the consistent use of breathable premium materials: the **FibroCotton** roof promotes a natural and balanced indoor climate thanks to its high breathability. The front and side walls, made from high-quality **DURACRYL®**, are also breathable and are characterised by exceptionally high UV resistance, colour vibrancy and durability. The combination of modern design, intelligent functional details, an excellent indoor climate and hard-wearing materials makes the **PERFORMANCE-SERIES** one of the most technically advanced awning ranges in its class.

State-of-the-art materials. Maximum functionality. Designed for intensive use.

FibroCotton 100%  
Short-staple cotton

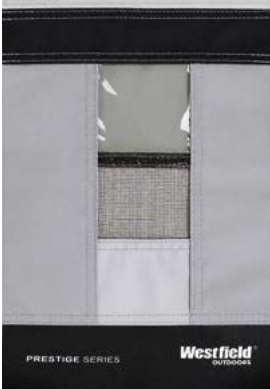

DURACRYL®

PRESTIGE-SERIES

The **PRESTIGE-SERIES** epitomises true premium camping, combining high-quality materials with an exceptionally sturdy pole structure and a noticeably high level of living comfort. The **HydroTech CottonBreeze (Cotton blend)** fabric used creates an exceptionally pleasant indoor climate in the awning – breathable, natural and as comfortable as a second home. Combined with a well-thought-out design and ease of use, the result is an awning that not only impresses with its functionality but also enhances every camping holiday. The **PRESTIGE-SERIES** is the perfect choice for campers who consciously opt for higher quality, greater comfort and a truly premium experience.

ALL SEASON

BE-SMART-SERIES

The **BE-SMART-SERIES** focuses on hassle-free camping, ease of use and excellent value for money. The **HydroTech RipStop material** used is particularly lightweight yet sturdy, offering a good balance of low weight and reliable durability. Combined with a cleverly designed pole system, this makes pitching the awning much easier and ensures a relaxed camping experience. Lightweight, low-maintenance materials and a well-designed system enable quick and convenient pitch. Ideal for beginners, budget-conscious campers and anyone looking for a practical awning for flexible trips and shorter stays.

HydroTech®  
RIPSTOP

# AWNING RAIL HEIGHTS

**Important note:** The installation heights given refer to the height of the awning rail and not to the overall height of the vehicle!

**Folding size:** H: 10 x W: 36 x L: 20 cm  
**Weight:** 1,8 kg

(1207 000000 7000) **49,95 € RRP**

### Size large (36L):

**Opening size:** H: 30 x W: 55 x L: 36 cm  
**Folding size:** H: 10 x W: 36 x T: 30 cm  
**Weight:** 2,0 kg

(1207 000000 6000) **69,95 € RRP**

# MODULOR I & II

## MODULOR STORAGE

The Modulator storage box can be easily filled from the top or the side whilst you're still at home, and the frame can be folded up for transport. Once you've arrived at your destination, simply unfold the MODULOR frame and attach the carry bag. Another advantage: an extra storage box makes it easy to quickly stow away shopping weighing up to 12 kg at your holiday destination. Simply swap the storage box filled with shopping for one of the bags in MODULOR I or II – and all your supplies are in place in no time.

## COMBINATION OF MODULOR I AND II

### MODULOR I:

Base element with feet, lid and a transport bag. Can be filled from above and from the side.

501- 6022 **84,95 € RRP**

### MODULOR II:

Accessories for MODULOR I that can be extended as required, consisting of a frame without legs, a lid and a transport bag. Can be filled from above and from the side.

501- 6023 **64,95 € RRP**

**STORAGE-BOX:**  
 Additional, single storage bag  
 501-6122  
**32,95 € RRP**

THREE DIFFERENT MOUNTING OPTIONS ARE AVAILABLE FOR ALL THREE ORGANISERS.

### MODERN. INNOVATIVE. STATE OF THE ART.

The outdoor furniture in the **AVANTGARDE-SERIES** range impresses with innovative product details that set new standards in the camping market.

- Newly designed contours and precisely coordinated decorative stitching give the chairs clean, elegant lines. The soft, high-quality **DuraDore® 3D fibre fabric with Aquarinse Technology** ensures excellent seating comfort, is water-permeable and dries particularly quickly after a rain shower.
- The series is fitted with a reinforced **DuraLite® frame** and high-quality light-alloy hinges, offering maximum stability whilst keeping the weight low.
- The armrests feature a high-quality two-layer coating with a pleasantly soft feel. Metal-reinforced armrests ensure lasting stability and high load-bearing capacity.

The series is complemented by matching leg rests and camping tables. Anyone choosing the **AVANTGARDE-SERIES** is opting for modern design, the highest level of comfort and exceptional durability.

## PERFORMANCE SERIES

### STABLE. TIMELESS. PROVEN.

The **PERFORMANCE-SERIES** offers Westfield's most versatile range of camping furniture. From particularly compact models to comfortable high-back chairs, there is a suitable solution for every need and body size – complemented by functional accessories and well-designed table options.

- Many of the features are taken directly from AVANTGARDE-Series, including the ergonomic **ErgoShell® seats**, the **Sensor lumbar support** and the high-quality **DuraDore® 3D fibre fabric with Aquarinse Technology**.
- The robust **DuraLite® frame**, with a 30 per cent thicker wall thickness, ensures exceptional stability and a long service life.

The **PERFORMANCE-SERIES** combines timeless design, high robustness and excellent seating comfort – for everyday use whilst travelling.

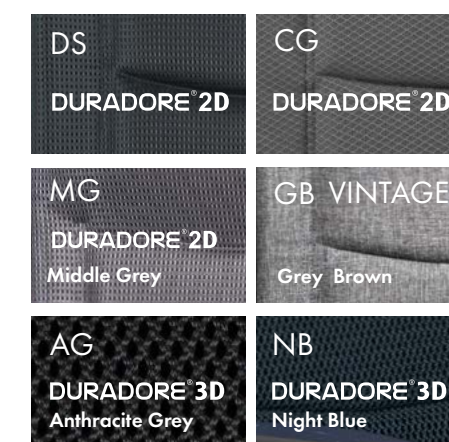

## BE-SMART SERIES

### LIGHT. CLEVER. PRACTICAL.

The **BE-SMART-SERIES** stands for a high level of comfort, reliable quality and excellent value for money. Thanks to its compact design, the furniture can be stowed away in the vehicle in a particularly space-saving manner – without compromising on comfort.

- Depending on the model, you can choose between the breathable **DuraDore® 2D Mesh**, which remains comfortable even in cooler temperatures, or the particularly easy-care **DuraSling® fabric**.
  - The multi-adjustable backrest can be individually customised – from an upright sitting position right through to a relaxed reclined position.
- The **BE-SMART-SERIES** combines low weight, high functionality and excellent comfort with Westfield's tried-and-tested quality.

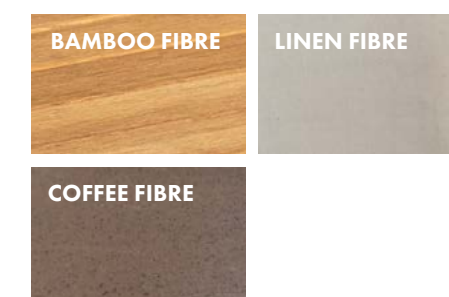

## GREEN LINE

### NATURAL. HIGH-QUALITY. WELL-THOUGHT-OUT.

The **GREEN LINE** products focus on natural materials. Instead of plastic, they use bamboo, a linen blend and a composite material made from coffee grounds – materials with their own unique texture and a warm, **natural look**.

The tabletop, made from highly compressed bamboo, combines the look of a natural material with high durability. The armrests, made from a coffee grounds composite, reduce the use of plastic precisely where daily contact occurs, whilst the seat surfaces, made from **linen-blend fabric**, give the chair a textile feel.

Sturdy aluminium frames and precision-engineered mechanisms meet the usual Westfield standard. Anyone choosing a piece of furniture from the **GREEN LINE** is opting for natural materials, a high level of comfort and long-lasting durability.

# WESTFIELD GREEN LINE

NATURAL. HIGH-QUALITY. WELL-THOUGHT-OUT.

The **GREEN LINE** series focuses on natural materials. Instead of plastic, it uses bamboo, a linen blend and a composite material made from coffee grounds – materials with their own unique texture and a warm, natural look.

The tabletop, made from highly compressed bamboo, combines the look of a natural material with high durability. The armrests, made from a coffee grounds composite, reduce the use of plastic precisely where daily contact occurs, whilst the seat surfaces, made from a linen blend, give the chair a textile-like feel.

Sturdy aluminium frames and precision-engineered mechanisms meet the usual Westfield standard. Anyone choosing a piece of furniture from the **GREEN LINE** is opting for natural materials, a high level of comfort and long-lasting durability.

# WESTFIELD KIDS LINE

Camping comfort for little explorers

Camping means freedom, adventure and spending time together as a family. To ensure that even the youngest campers feel completely at ease, Westfield Outdoors has developed the **KIDS LINE** – a product range specially tailored to children's needs.

Like all Westfield products, **KIDS LINE** combines thoughtful design with high functionality. Lightweight, robust and compact designs are easy to transport and can be stowed away to save space – ideal for everyday camping, where every centimetre counts.

Child-friendly sizes, durable materials and a safe, comfortable design ensure that little explorers can enjoy their own space to sit, play or relax. Whether at the campsite, in the garden or on a family outing – **KIDS LINE** accompanies children on every adventure, offering comfort, safety and plenty of fun on the go.

**KIDS LINE** stands for clever camping comfort – specially developed for the youngest members of the camping family.

# WESTFIELD PETS LIFE

PetsLife – Camping comfort for four-legged family members

Dogs have long been more than just pets – they are members of the family. And what goes without saying for the family also applies when camping: comfort, safety and a well-organised living space, even in the smallest of spaces.

With **PETS LIFE**, Westfield Outdoors is expanding its range to include well-designed camping solutions for dogs and other pets. The idea behind it is typical of Westfield: tried-and-tested everyday products are consistently adapted for camping – lighter, more compact, foldable and multifunctional. Because when camping, every centimetre counts, and organisation and flexibility are crucial.

Whether it's a place to sleep, a quiet retreat or a shaded resting spot on hot days – PetsLife products offer your dog exactly what they need whilst on the move, without taking up unnecessary storage space in the vehicle. Durable materials, sturdy construction and ease of use ensure that both owner and pet feel at home wherever they are – at the campsite, in the garden or whilst travelling.

PetsLife stands for clever camping comfort – for relaxed adventures with your four-legged companion.
