The compact camping table for van camping combines an innovative structure for a secure, wobble-free base with height-adjustable legs that adapt to uneven ground. Its roll-up aluminium slat tabletop keeps packing space to a minimum.

TECHNICAL DATA

Dimensions: 90 x 71 x 70 cm
Pack size: 95 x 20 x 14 cm
Weight: 5.7 kg

The innovative structure ensures a secure, wobble-free base.

A compact pack size makes this table ideal for van camping and small storage spaces.

Height-adjustable legs adapt to uneven ground.

The table height can be adjusted continuously from 62 to 71 cm, so it works equally well as a dining table or a lounge table.

The tabletop is made from 12 connected aluminium slats. It rolls up compactly for transport and gives the table a clean, considered design.
